

Help Us Restore the Seats in North Shore Car 715

It's been almost 50 years since the seats were last reupholstered. While eleven of the worst seat cushions were repaired over the winter, the seats are in dire need of new upholstery. The picture below shows a seat that has had the seat cushion replaced. The seat back is still covered in the old upholstery (Several seats have holes and tears covered with duct tape).

It will cost \$210 per seat for material and labor. One donor has already purchased the upholstery needed to cover all 29 seats (\$2,552.00). Another donor has already paid to have eleven of the worst seat cushions reupholstered (\$1,634). We would like to complete all of the seats before the opening of the 2011 operating season. All donations of \$210 or more will be recognized with the name of the donor, or the name of a loved one, engraved on a special plaque prominently displayed inside Car 715.
